Regional and S-Bahn trains run between Potsdam and Berlin at short intervals. In Potsdam, ViP trains and buses link the main railway station and five other stations with the university campuses and student halls of residence. Nevertheless, it can happen that at lecture times certain trains, in particular on RE1 and RB21/RB22 services are

very busy. If you can be flexible, set off slightly earlier or later, as there are good alternative routes, which allow you to arrive at your destination feeling more relaxed. Timetables are available on vbb.de or via the VBB "Bus & Bahn App".

VBB "Bus & Bahn App" – always up to date
